Reginald Lynn Dacey was a paleontologist for the Humble Oil and Refining Company. He was transferred to production geology in southeast Texas after World War II. Upon finishing the Biloxi High School, he attended Louisiana State University from 1925 to 1930 where he graduated with the degree of B.S. in geology. He served first at Houston as a paleontologist; then in 1937 was transferred to production geology in southeast Texas. Subsequent to the war he was handling core-drill
