

FIELDWORK & TECHNICAL TALK

The Bau area fieldwork and technical talk cum Geologists' Night

28 November 2015, Kuching, Sarawak

The Bau Area Fieldwork and Technical Talk cum Geologists' Night were held in Kuching, Sarawak in collaboration with JMG Sarawak on 28 November 2015.

The main objectives for the Bau Area Fieldwork were to observe the gold mineralisation in the Bau area and discuss the gold mining activities and history in the area. The participants were taken to visit a few sites where the gold mineralisation occurred and were introduced to some gold mineralisation mechanisms in the Bau Area. The sites were the Fairy Cave, Pejiru, Bukit Young, Taiton, Tasik Biru and Jugan. The field briefings were given by Mr. Charles Molujin (North Borneo Gold) and Mr. Nathan Achuk (Antap Georesources Sdn. Bhd.).

During the night, the Technical Talk cum Geologists' Night were held at the Heliconia Banquet Restaurant, Kuching. Mr. Chan Pheng Hock of Global Minerals (Sarawak) Sdn. Bhd. was the patron for this event. The main event was dinner and a talk from Dr. Richard Mani Banda, the Director of Mineral and Geoscience Sarawak entitled "Geology and mineral resources of the Sintang-Silantek Area". This was followed by a short presentation on the Registration as Professional Geologists and the Board of Geologists.

The organiser would like to thank Global Minerals (Sarawak) Sdn. Bhd., Gladioli Enterprises Sdn. Bhd. and CMS Quarries Sdn. Bhd. that had supported the events. Through both events, the geoscience community from both the public and private sectors from different field of geology were able to exchange ideas and socialise. Support from the local geologist community were greatly appreciated in organising this event.
